To whom it may concern:

On March 20, 2010 Motus O performed *Circus Terrifico* for two sold out audiences at *The Lebovic Centre for Arts & Entertainment, Nineteen on the Park*. Originally, we had scheduled only one performance, but after this show sold out within days of being advertised, Motus O willingly added an additional show on the same day. *Circus Terrifico* was a great success for our diverse audience of children and adults. The enchanting physicality and whimsical comedy of the performance entranced the children, while still entertaining the parents. While the majority of the audience was children ages 5-12, we had some Motus O fans that came without children! The children became so involved that some were talking back to the dancers, vocally expressing delight and displeasure over the twists and turns of the story, and of course, laughing at the character's predicaments along the way. The show was an enormous success, and we have already been asked by patrons to bring the show back again next year.

As a theatre, I must mention that working with the entire Motus O troupe is always a positive experience. They are always courteous and helpful beyond the call of duty. They maintain a cheerful attitude, even when there are hiccups along the way, and are always flexible and adaptable to the situations that arise. They are a true pleasure to work with. We consider ourselves lucky to have such talented dancers and genuinely nice people perform at *Nineteen*.

Sincerely,

Ashley Mitchell
